December	
Wednesday 6 th	Kinder 2018 Orientation
Wednesday 13 th	Kinder 2018 Orientation

Super 8's Cricket

We will be holding our annual Super 8's Cricket Carnival on Friday 29th October 2017. Students in Years 3 - 6 from the Walbundrie Small Schools Network will be participating in the carnival. Students in Kinder – Year 2 will be joined by other K-2 students for Literacy, numeracy and tabloid sports.

We are hoping that our parents and families will be able to come along to support our students and school. It would be greatly appreciated if we can have some volunteers to help out in the canteen and umpire at some stage throughout the day. Hope to see you there next Friday!

Super 8's Cricket Lunch Orders

A lunch order note for the Super 8's Cricket was sent home with students on Monday. If your child wishes to place an order, please return orders and payment by tomorrow Friday 13th October. Any parent or family member who is attending will need to complete a lunch order also. Please ensure you complete an order for each child, **not** one per family.

If you are available to help in the canteen on the day, please contact Jude or the school.

Life Education Van

Students in K-6 will be travelling to Brocklesby Public School on Tuesday 31st October 2017 to attend the Life Education Van and participate in activities with our other small schools. An information/permission note is included in this week's newsletter. Please return permission note and payment to the school office by Thursday 19th October.

Class News

It is great to be back at school after two weeks of the school holidays. We have enjoyed hearing about the many holiday activities!

It looks like Term 4 will be as busy if not busier than the last school term! We have lots of learning to do and many events and programs to be delivered. The primary class will be trialling a collaborative learning with Brocklesby primary students during this term. Students from both schools will have an opportunity to broaden their learning as well as their social skills. Students will learn alongside each other in the area of Mathematics. Miss Widdison and Mrs Sayasenh will be planning Maths activities in the area of problem solving for students to collaborate on.

Both schools will take turns to host the event. If successful we hope to include students from the infants class as well as explore other key learning areas for future projects. Specific information on dates will be communicated in the near future.

New Sporting Equipment

Thank you to Sporting Schools Australia for enabling us to spend part of our funding to purchase some new equipment to be used as part of our fundamental movement skills program. The twelve fundamental movement skills are the building blocks for movement and proficiency in all should be achieved by the end of Year 6. They are skills which children require to participate in all types of games, physical activities and sports. Mrs S and Miss Ryan will be planning opportunities for students to learn and practise these skills using our new and existing equipment.

We have been allocated Term 4's funding and this will be spent on a Bowling Coach Program for the remainder of this term.

Learning Awards

Flynn – Improving his summarising skills by using keywords.

Taryn- Improving the quality and detail in her drawing.
